

- 1 Save the **three avatars** (mugshots) and your main **twitterpinch background** to your computer
- 2 On your Twitter page, click on **"Settings"** on the top right

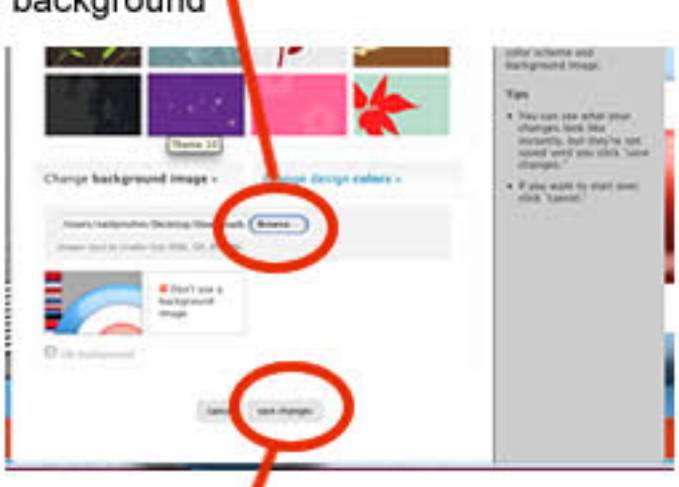

- 3 Click **"Design"** in the Tabs

- 4 Click **"Change background"** in the lower left

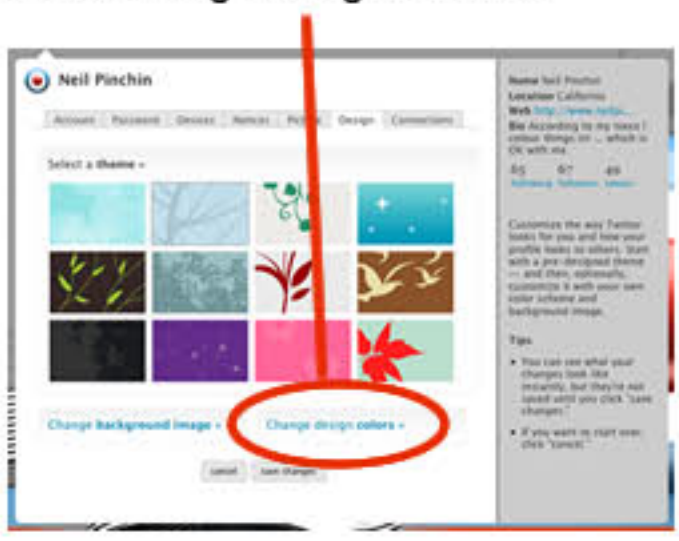

- 5 Click **"Browse"** and upload your Twitterpinch background

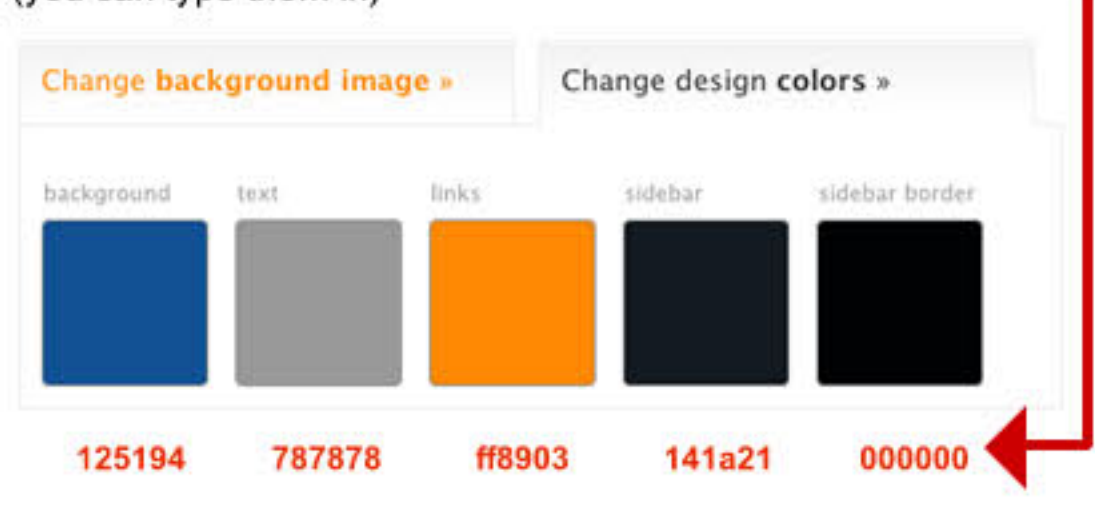

- 6 Click **"Save changes"**... It will take a few seconds and then you'll see your background change (Do NOT click "Tile background").

- 7 Click **"Change Design Colours"**

- 8 Click on each colour block and change them to these **colours values** - (you can type them in)

Click **"Save changes"**...

- 9 Click **"Picture"** in the Tabs

- 10 Click **"Browse"** and upload your Avatar (your mugshot)

Click **"Save changes"**...

You're Done!
 Thanks for using me and enjoy your background.
 If there's any problems, or you need anything else, just call me.
 And if you're happy, please recommend me to your friends.

Cheers, Neil.
